1.3 Availability of Local Funds

Attach a statement signed by the Chief Financial Officer listed in section 5.2 certifying all local resources required for the project will be available on or before the earliest date listed in the Project Schedule section. The OPWC Agreement will not be released until the local resources are certified. Failure to meet local share may result in termination of the project. Applicant needs to provide written confirmation for funds coming from other funding sources.

2.0 Repair / Replacement or New / Expansion

2.1 Total Portion of Project Repair / Replacement:	_____ 1,467,487 .00	_____ 100 %
2.2 Total Portion of Project New / Expansion:	_____ 0 .00	_____ 0 %
2.3 Total Project:	_____ 1,467,487 .00	_____ 100 %

A Farmland Preservation letter is required for any impact to farmland

3.0 Project Schedule

3.1 Engineering / Design / Right of Way	Begin Date: <u>07/20/2020</u>	End Date: <u>10/30/2020</u>
3.2 Bid Advertisement and Award	Begin Date: <u>01/11/2021</u>	End Date: <u>02/09/2021</u>
3.3 Construction	Begin Date: <u>03/29/2021</u>	End Date: <u>08/27/2021</u>

Construction cannot begin prior to release of executed Project Agreement and issuance of Notice to Proceed.

Failure to meet project schedule may result in termination of agreement for approved projects. Modification of dates must be requested in writing by project official of record and approved by the Commission once the Project Agreement has been executed.

4.0 Project Information

If the project is multi-jurisdictional, information must be consolidated in this section.

4.1 Useful Life / Cost Estimate / Age of Infrastructure

Project Useful Life: 39 Years Age: 1947 (Year built or year of last major improvement)

Attach Registered Professional Engineer's statement, with seal or stamp and signature confirming the project's useful life indicated above and detailed cost estimate.

4.2 User Information

Road or Bridge: Current ADT _____ Year _____ Projected ADT _____ Year _____

Water / Wastewater: Based on monthly usage of 4,500 gallons per household; attach current ordinances.

Residential Water Rate Current \$ 2.60 Proposed \$ 2.60

Number of households served: 553

Residential Wastewater Rate Current \$ _____ Proposed \$ _____

Number of households served: _____

Stormwater: Number of households served: _____

4.3 Project Description

- A: SPECIFIC LOCATION (Supply a written location description that includes the project termini; a map does not replace this requirement.) 500 character limit.

This project includes the section of Berlin Rd from US6 (Cleveland Rd) to the Southern City limits approximately 1240ft South of the railroad tracks. This project also includes the entirety of Tyler St., Paris St. and Stedman St. which all access Berlin Rd.
(see attached project map)

- B: PROJECT COMPONENTS (Describe the specific work to be completed; the engineer's estimate does not replace this requirement) 1,000 character limit.

This project involves the installation of a new 8" water main and abandonment of the existing water main on the following streets: Berlin Rd (from US6 to the Southern City limits), Tyler St., Paris St. and Stedman St. The project also involves crossing under the railroad tracks at Berlin Rd. via boring for a 12" waterline at this crossing.

The new waterline will be located under the Northbound lane of Berlin Rd which will require re-paving of the full width of the Northbound lane. The Northbound lane is currently in poor condition. (see attached photos) The Southbound lane was paved several years ago as part of a paving project. This section of road is a major entryway into the City and the waterline along this section not only supplies the residents in the immediate vicinity but also customers South of the City via agreement with Erie County.

The existing water main that this project will replace was constructed in 1947 and experiences the largest amount of breaks in the City.

- C: PHYSICAL DIMENSIONS (Describe the physical dimensions of the existing facility and the proposed facility. Include length, width, quantity and sizes, mgd capacity, etc in detail.) 500 character limit.

The existing water main is an 8" cast iron line that was installed in 1947 and has had the most significant history of breaks within the City of Huron. The proposed water main will be an 8" PVC line with a 50-year design life. The project includes 5200ft of new 8" water main, a 12" PVC line under the railroad tracks, 8 new fire hydrants, 1210ft of 1" copper service lines and all necessary valves.

The paving portion of the project involves the paving of approximately 6,100SY of asphalt roadway.

5.0 Project Officials

Changes in Project Officials must be submitted in writing from an officer of record.

5.1 Chief Executive Officer (Person authorized in legislation to sign project agreements)

Name: Andrew D. White

Title: City Manager

Address: 417 Main St.

City: Huron State: OH Zip: 44839

Phone: (419) 433-5000

FAX: (419) 433-5120

E-Mail: andy.white@huronohio.us

5.2 Chief Financial Officer (Can not also serve as CEO)

Name: Cory Swaisgood, CPA

Title: Finance Director

Address: 417 Main St.

City: Huron State: OH Zip: 44839

Phone: (419) 433-5000

FAX: (419) 433-5120

E-Mail: cory.swaisgood@huronohio.us

5.3 Project Manager

Name: Doug Green

Title: City Engineer

Address: 417 Main St.

City: Huron State: OH Zip: 44839

Phone: (440) 258-7799

FAX: (419) 433-5120

E-Mail: doug.green@ohm-advisors.com

6.0 Attachments / Completeness review

Confirm in the boxes below that each item listed is attached (Check each box)

- A certified copy of the legislation by the governing body of the applicant authorizing a designated official to sign and submit this application and execute contracts. This individual should sign under 7.0, Applicant Certification, below.
- A certification signed by the applicant's chief financial officer stating the amount of all local share funds required for the project will be available on or before the dates listed in the Project Schedule section. If the application involves a request for loan (RLP or SCIP), a certification signed by the CFO which identifies a specific revenue source for repaying the loan also must be attached. Both certifications can be accomplished in the same letter.
- A registered professional engineer's detailed cost estimate and useful life statement, as required in 164-1-13, 164-1-14, and 164-1-16 of the Ohio Administrative Code. Estimates shall contain an engineer's seal or stamp and signature.
- A cooperative agreement (if the project involves more than one subdivision or district) which identifies the fiscal and administrative responsibilities of each participant.
- Farmland Preservation Review - The Governor's Executive Order 98-IV, "Ohio Farmland Protection Policy" requires the Commission to establish guidelines on how it will take protection of productive agricultural and grazing land into account in its funding decision making process. Please include a Farm Land Preservation statement for projects that have an impact on farmland.
- Capital Improvements Report. CIR Required by O.R.C. Chapter 164.06 on standard form.
- Supporting Documentation: Materials such as additional project description, photographs, economic impact (temporary and/or full time jobs likely to be created as a result of the project), accident reports, impact on school zones, and other information to assist your district committee in ranking your project. Be sure to include supplements which may be required by your local District Public Works Integrating Committee.

7.0 Applicant Certification

The undersigned certifies: (1) he/she is legally authorized to request and accept financial assistance from the Ohio Public Works Commission as identified in the attached legislation; (2) to the best of his/her knowledge and belief, all representations that are part of this application are true and correct; (3) all official documents and commitments of the applicant that are part of this application have been duly authorized by the governing body of the applicant; and, (4) should the requested financial assistance be provided, that in the execution of this project, the applicant will comply with all assurances required by Ohio Law, including those involving Buy Ohio and prevailing wages.

Applicant certifies that physical construction on the project as defined in the application has NOT begun, and will not begin until a Project Agreement for this project has been executed with the Ohio Public Works Commission. Action to the contrary will result in termination of the agreement and withdrawal of Ohio Public Works Commission funding from the project.

Andrew D. White - City Manager

Certifying Representative (Printed form, Type or Print Name and Title)

Original Signature / Date Signed

DISTRICT 5
CAPITAL IMPROVEMENT PROJECTS
QUESTIONNAIRE
ROUND 34

Name of Applicant: City of Huron
Project Title: Berlin Rd. Waterline Project

The following questions are to be answered for each application submitted for State Issue II SCIP, LTIP and Loan Projects. Please provide specific information using the best documentation available to you. Justification of your responses to these questions will be required if your project is selected for funding, so please provide correct and accurate responses. **Communities and Townships under 5,000 in population should also complete the Small Government Criteria.**

1. What percentage of the project in repair A= __%, replacement B= __%, expansion C= __%, and new D= __%? (Use dollar amounts of project to figure percentages and make sure the total equals one hundred(100) percent) A+B= __% C+D= __%

Repair/Replacement = Repair or Replacement of public facilities owned by the government (any subdivision of the state).

New/Expansion = Replacement of privately owned wells, septic systems, private water or wastewater systems, etc.

2. Give the physical condition rating:

Closed or Not Operating: The condition is unusable, dangerous and unsafe. The primary components have failed. The infrastructure is not functioning at all.

Critical: The condition is causing or contributing to a serious non-compliance situation and is threatening the intended design level of service. The infrastructure is functioning at seriously diminished capacity. Imminent failure is anticipated within 18 months. Repair and/or replacement is required to eliminate the critical condition and meet current design standards. **(For Road Projects structural repair items would represent a minimum of 25% of the total Project Cost).**

Poor: The condition is substandard and requires repair/replacement in order to return to the intended level of service and comply with current design standards. Infrastructure contains a major deficiency and is functioning at a diminished capacity.

Fair: The condition is average, not good or poor. The infrastructure is still functioning as originally intended. Minor deficiencies exist requiring repair to continue to function as originally intended and/or to meet current design standards.

Good: The condition is safe and suitable to purpose. Infrastructure is functioning as

*(4R) Resurfacing, Restoration, Rehabilitation and Reconstruction - Much like 3R, except that 4R allows for the complete reconstruction of the roadway and alteration of certain design elements (i.e., lane widths, shoulder width, SSD, **overlays with greater than 3" of additional pavement**, etc.).

BRIDGES SUFFICIENCY RATING

Extremely Critical: 0-25, or a General Appraisal rating of 3 or less.
Critical: 27-50, or a General Appraisal rating of 4.
Major: 51-65 or a General Appraisal rating of 5 or 6.
Moderate: 66-80 or a General Appraisal rating of 7.
Minimal: 81-100 or a General Appraisal rating of more than 7.
No Impact: Bridge on a new roadway.

WASTEWATER TREATMENT PLANTS

Extremely Critical: Environmental Protection Agency (EPA) orders in the form of a consent decree, findings and orders or court order. Health Department Construction Ban.
Critical: Improvements ordered by the Environmental Protection Agency (EPA) in the form of NPDES Orders.
Major: Replace deficient appurtenances. Update existing processes due to EPA recommendations.
Moderate: Increase capacity to meet current needs or update processes to improve effluent quality.
Minimal: New/Expansion project to meet a specific development proposal.
No Impact: New/Expansion to meet future or projected needs.

WATER TREATMENT PLANT

Extremely Critical: EPA orders in the form of a consent decree, findings and orders or court order.
Critical: Improvements to meet Environmental Protection Agency (EPA) Safe Drinking Water Regulations and/or NPDES Orders.
Major: Replace deficient appurtenances. Update existing processes due to EPA recommendations.
Moderate: Increase capacity to meet current needs or update processes to improve water quality.
Minimal: New/Expansion project to meet a specific development proposal.

No Impact: New/Expansion to meet future or projected needs.

SANITARY SEWERS

Extremely Critical: EPA orders in the form of a consent decree, findings and orders or court order. Health Department Construction Ban.

Critical: Replace, due to chronic pipe failure, chronic backup or flooding in basements. Improvements ordered by the Environmental Protection Agency (EPA) in the form of NPDES Orders.

Major: Replace, due to inadequate capacity or infiltration, or due to EPA recommendations.

Moderate: Rehabilitate to increase capacity to meet current needs or to reduce inflow and infiltration.

Minimal: New/Expansion project to meet a specific development proposal.

No Impact: New/Expansion to meet future or projected needs.

SANITARY LIFT STATIONS AND FORCE MAINS

Extremely Critical: Structurally deficient. Deterioration has already caused a safety/health hazard to the public, or, EPA orders in the form of a consent decree, findings and orders or court order.

Critical: Inadequate capacity with actual or a high probability of property damage. Improvements ordered by the Environmental Protection Agency (EPA) in the form of NPDES Orders.

Major: EPA recommendations, or, reduces a probable health and/or safety problem.

Moderate: Rehabilitate to increase capacity to meet current needs.

Minimal: New/Expansion to meet a specific development proposal.

No Impact: New/Expansion to meet future or projected needs.

WATER PUMP STATIONS

Extremely Critical: Structurally deficient. Deterioration has already caused a safety hazard to the public, or, EPA orders in the form of a consent decree, findings and orders or court order.

Critical: Inadequate capacity with the inability to maintain pressure required for fire flows.

Major: Replace due to inadequate capacity or EPA recommendations.

4. Identify the amount of local funds that will be used on the project as a percentage of the total project cost.

A.) Amount of Local Funds = \$ 979,987
B.) Total Project Cost = \$ 1,467,487

RATIO OF LOCAL FUNDS DIVIDED by TOTAL PROJECT COSTS (A/B)= 67 %

Note: Local funds should be considered funds derived from the applicant budget or loans funds to be paid back through local budget, assessments, rates or tax revenues collected by the applicant.

5. Identify the amount of other funding sources to be used on the project, excluding State Issue II or LTIP Funds, as a percentage of the total project cost.

Grants ___% Gifts ___%, Contributions ___%

Other ___% (explain) _____, Total 0 %

Note: Grant funds and other revenues not contributed or collected through taxes by the applicant should be considered other funds. The Scope of Work for each Funding Source must be the same.

6. Total Amount of SCIP and Loan Funding Requested- An Applicant can request a grant per the categories below for points as indicated on the Priority Rating Sheet. If the Applicant is including a loan request equal to, but not exceeding 50% of the OPWC funding amounts listed below, there will be no point penalty. If loan funds requested are more than 50%, points as listed in the Priority Rating Sheet will apply.

- _____ \$500,001 or More
- _____ \$400,001-\$500,000
- _____ \$325,001-\$400,000
- X _____ \$275,001-\$325,000
- _____ \$175,001-\$275,000
- _____ \$175,000 or Less

There are times when the District spends all of the grant money and has loan money remaining. When this happens, the district makes a loan offer in the amount of the requested grant to the communities that were not funded. The offers are made in the order of scoring. We need to know if you are not successful in obtaining grant dollars for your project if you would be interested in loan money:

YES X NO _____

(This will only be considered if you are not funded with grant money and there is remaining loan money.) Please note: if you answer "no" you will not be contacted, only if you answer "yes" will an offer be made in the event that there is loan money remaining.

7. If the proposed project is funded, will its completion directly result in the creation of permanent full-time

- Grants for new or expanded infrastructure cannot exceed 50% of the project estimate.
- The Commission may deny funding for water and sewer systems that are deemed to be more cost-effective if regionalized.
- If a water or sewer project is determined to be affordable, the project will be offered a loan rather than a grant. Pay special attention to the **Water & Wastewater Affordability Supplemental** and the **Small Government Water & Wastewater Affordability Calculation Worksheet**. Both are available on the **Small Government Program Tab** at <http://www.pwc.state.oh.us/SmallGovernment.html>
- Should there be more projects that meet the “annual score” than there is funding, the tie breaker is those projects which scored highest under Health & Safety, with the second tie breaker being Condition. If multiple projects have equivalent Health & Safety and Condition scores they are arranged according to the amount of assistance from low to high. Once the funded projects are announced, “contingency projects” may be funded from project under-runs by continuing down the approved project list.
- Supplemental assistance is not provided to projects previously funded by the Commission.
- Applicants have 30 days from receipt of application by OPWC without exception to provide additional documentation to make the application more competitive under the Small Government criteria. Applications will be scored after the 30-day period has expired. The applicants for each District's two (2) contingency projects will have the same 30-day period to submit supplemental information but these applications will not be scored unless necessary to do so. It is each applicant's responsibility for determining the need for supplemental material. The applicant will not be asked for or notified of missing information unless the Commission has changed the project type and it affects the documentation required. Important information may include, but is not limited to: age of infrastructure, traffic counts or utility users, median income information, user rates ordinances, and the Auditor's Certificate of Estimated Revenues or documentation from the Auditor of State that subdivision is in a state of fiscal emergency.

If you desire to have your Round 33 project considered for Small Government Funding please download the Small Government Evaluation Criteria applicable to Round 33 by accessing the OPWC Website at <http://www.pwc.state.oh.us/Meth.SG.PDF>. Please complete the Small Government Evaluation Criteria and attach all required supporting documentation and attach it to the District 5 Questionnaire for Round 32.

Subject: Berlin Rd WM

Doug,

See below for Berlin Rd:

The Berlin Road water main, located between Cleveland Road East and Sprowl Road in the City of Huron Ohio is scheduled for replacement as per our capital improvement. The 8" water main was originally installed in 1947 and has exceeded its useful lifespan. Since 2011 over eight water main breaks have plagued this stretch of utility. Currently the Berlin Road water main serves 117 households within the City limits. It should however be noted that the Berlin Road water line also supplies the Erie County water system via a master meter at the South end of the water main. After inquiring with Erie County Water it was determined the Berlin Road water main directly serves 436 households after the master meter. If we combine internal and external households the water main ultimately is responsible for the potable water delivery to 553 households. As part of our asset management plan and ongoing capital improvement plan it has been determined this main is a top priority for replacement within the city.

**CHIEF FINANCIAL OFFICER'S CERTIFICATION OF LOCAL FUNDS /
LOAN REPAYMENT LETTER**

September 4, 2019

I, Finance Director of the City of Huron, hereby certify that the City of Huron has the amount of \$979,987 in the City of Huron Water Fund and that this amount will be used to pay the local share for the City of Huron Berlin Rd Waterline Project when it is required.

{NOTE: If the application is for a loan or grant / loan combination the following paragraph is also required.}

I, Finance Director of the City of Huron, hereby certify that the City of Huron has / will have / will collect the amount of \$162,500 in the City of Huron Water Fund and that this amount will be used to repay the Ohio Public Works Commission SCIP or RLP loan requested for the City of Huron Berlin Road Waterline Project over a 30-year term.

Cory Swaisgood, CPA

Finance Director

City of Huron

CERTIFICATION

I, Christine M. Gibboney, Clerk of the Council of the City of Huron, Ohio, do hereby certify that the attached is a true and correct copy of Ordinance No. 2007-28 adopted at a regular meeting of the Council of the City of Huron, Erie County, Ohio which was held on December 11, 2007.

Given under my hand and seal this 4th day of September 2018.

Christine M. Gibboney
Clerk of Council

ORDINANCE NO. 2007-28

AN ORDINANCE AMENDING CODIFIED ORDINANCE SECTION 915.19 RELATING TO WATER RATES AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF HURON, OHIO:

SECTION 1. Codified Ordinance Section 915.15 shall be, and the same hereby is, amended to read in its entirety as follows:

"Section 915.19 WATER RATES.

Effective January 1, 2008 the following water rates shall be in effect:

- (a) For water bills rendered on and after January 1, 2008, a minimum water availability charge by meter size shall be made per quarter to customers: as follows:

<u>Meter Size (inches)</u>	<u>Availability Charge</u>	
	<u>Residents</u>	<u>Non Residents</u>
5/8 x 3/4	\$ 49.63	\$ 54.60
3/4	49.63	54.60
1	64.98	71.47
1 1/2	100.11	110.11
2	133.65	147.02
3	200.22	220.25
4	266.78	293.45
6	400.47	440.52
8	508.16	557.87
10	635.22	698.73
12	762.76	839.03

This minimum water availability charge does not include any water usage.

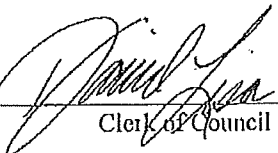

- (b) For water bills rendered on and after January 1, 2008, the rate for water consumed, in addition to the water availability charge set forth above, shall be two dollars and sixty cents (\$2.60) per 100 cubic feet, regardless of meter size.
- (c) Non-resident water shall be supplied to customers residing outside the City Limits at ten percent (10%) above City rates, except in those areas covered by separate contracts."

SECTION 2. Codified Ordinance Section 915.19, as the same previously existed, shall be, and the same hereby is, repealed, and the provisions of this amending ordinance shall be effective as of the effective date of this Ordinance.

SECTION 3. That it is found and determined that all formal actions of this Council concerning and relating to the adoption of this ordinance were adopted in open meetings of this Council, and that all deliberations of this Council and any of its committees that resulted in such formal actions were in compliance with all legal requirements.

SECTION 4. This Ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public health, safety and general welfare of the residents and for the further reason that the additional revenues provided by this amendment are necessary to provide adequate funding for continued and uninterrupted water service; **WHEREFORE** this Ordinance shall take effect immediately upon its adoption.

Marilyn R. Shearer, Mayor

ATTEST: 
Clerk of Council

ADOPTED: DEC 11 2007

RESOLUTION NO. 2018-71

A RESOLUTION AUTHORIZING THE CITY MANAGER TO PREPARE AND SUBMIT AN APPLICATION TO PARTICIPATE IN THE OHIO PUBLIC WORKS COMMISSION STATE CAPITAL IMPROVEMENT AND/OR LOCAL TRANSPORTATION IMPROVEMENT PROGRAM(S) AND TO EXECUTE CONTRACTS AS REQUIRED RELATIVE TO THE BERLIN ROAD WATER MAIN REPLACEMENT PROJECT

WHEREAS, The State Capital Improvement Program and the Local Transportation Improvement Program both provide financial assistance to political subdivisions for capital improvements to public infrastructure, and

WHEREAS, the City of Huron is planning to make capital improvements to replace the water main on Berlin Road, and

WHEREAS, the infrastructure improvement herein above described is considered to be a priority need for the community and is a qualified project under the OPWC programs,

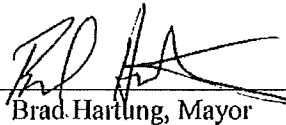

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF HURON AS FOLLOWS:

SECTION 1. The City Manager is hereby authorized to apply to the OPWC for funds as described above.

SECTION 2. The City Manager is authorized to enter into any agreements as may be necessary and appropriate for obtaining this financial assistance.

SECTION 3. That this Council hereby finds and determines that all formal actions relative to the adoption of this Resolution were taken in an open meeting of the Council and that all deliberations of this Council and of its committees, if any, which resulted in formal action, were taken in meetings open to the public in full compliance with applicable legal requirements, including O.R.C. §121.22 of the Revised Code

SECTION 4. That this Resolution shall go into effect and be in full force and effect immediately upon its passage.

Brad Hartung, Mayor

ATTEST: 
Clerk of Council

ADOPTED: 28 AUG 2018
