

PUBLIC NOTICE

The U.S. Department of Commerce, Economic Development Administration (EDA) is considering a request for Federal assistance from the Village of Delta and the Fulton County Commissioners to complete the Raw Water Service project in the Village of Delta and Fulton County, Ohio for the purpose of constructing a pump station to provide raw water service to support economic development in the area. Pursuant to the National Environmental Policy Act of 1969 and the National Historic Preservation Act of 1966, as amended, EDA is conducting an environmental assessment (EA) of the proposed project.

This project involves the construction of a new raw water pump station which will include two new vertical turbine can style pumps. The building will be a masonry structure with a precast concrete plank roof, insulated membrane roofing and will be constructed on Village of Delta property immediately adjacent to the existing water treatment plant. The purpose of the EDA project is provide a raw water supply which will support and enhance economic development in the area and immediately support the expansion projects of Nature Fresh Farms, Inc. and MetalX. Project information is available for review at the Village of Delta Office, 401 Main St., Delta, Ohio 43515 – 419-822-3190 or the Maumee Valley Planning Organization at www.mvpo.org/economic or 419-784-3882.

If you have any information regarding potential environmental impacts associated with this proposed project, please provide it in writing to:
